## Section 1 - About the Young People, Children and Education Bursary Award

<b>Name of award</b>	Young People, Children and Education Bursary Award
<b>Deadline</b>	5.30pm Thursday 12 July 2012
<b>Purpose and priorities of award</b>	<p>The Young People, Children, and Education Bursary Award supports individual professional artists working with, and producing work for, children and young people across a range of artforms. The purpose of the award is to support professional artists to develop their art practice.</p> <p>The award emphasises the value and benefit to an artist's development that is derived from an extended process of engagement with their practice. The award therefore provides artists with the time and resources to think, research, reflect and engage with their art practice.</p> <p>Potential proposals could be those that:</p> <ul style="list-style-type: none"> <li>• enable a professional artist to explore and articulate the impact children and/or young people have on the artist's creative process and the artistic work produced;</li> <li>• enable a professional artist to interrogate and develop their own practice in partnership with potential young audiences or participants, other artists, educators (in and/or out of school), and/or parents;</li> <li>• enable a professional artist to work with a highly qualified and experienced mentor who can support them in their practice.</li> </ul> <p>The Arts Council has identified the following as a strategic priority for support through this award:</p> <ul style="list-style-type: none"> <li>• applicants that seek to reflect on and develop their practice in partnership with key stakeholders such as potential audiences, participants, professional colleagues, and educators (in and/or out of school);</li> <li>• applications that demonstrate how the artist will share and disseminate any findings which emerge from this period of reflection and development of their practice.</li> </ul>
<b>Who is eligible to apply?</b>	<p>The award is open to artists working in all artforms and at all stages in their professional careers. To be eligible to apply applicants must:</p> <ul style="list-style-type: none"> <li>• be able to provide a statement that describes their code of practice regarding child protection and welfare;</li> <li>• have been born in, or be resident in, the Republic of Ireland;</li> <li>• be professional practicing artists. Although they may not necessarily earn income continuously from their arts practice, they must identify themselves and be recognised by their peers as professional practicing artists.</li> </ul>
<b>Who cannot apply?</b>	<p>Applicants who are not eligible to apply include the following:</p> <ul style="list-style-type: none"> <li>• Individuals currently in full-time undergraduate education;</li> <li>• Artists wishing to pursue activities that are unrelated to the development of their professional practice with/for children and young people.</li> </ul>
<b>What you can apply for</b>	The maximum Bursary Award available is €10,000. Multi-annual application will not be accepted.

The emphasis of the award is on artists 'buying time', however, to a limited extent the award also allows for other costs that are intrinsic to supporting the development of the artist's practice. In this context applicants may apply for living costs, they may also apply for materials, resources, third-party expertise or the hiring of services where it can be demonstrated that such costs are intrinsic or necessary to the development of the artist's practice.

In addition to the normal limits stated above the Arts Council will also consider costs specifically relating to the making of art by artists with disabilities. If you wish to apply for additional funding on this basis you should provide information with your application outlining what these additional costs are.

---

**What you cannot apply for**

You cannot apply for more than one bursary type award in any artform/arts practice) in any one round of funding. Activities and costs that you cannot apply for include the following:

- where the activity is for charity fund-raising purposes, for participation in a competition, or for primarily profit-making purposes;
- activities that have already been assessed by the Arts Council. An exception will be made if the Council has specifically advised you to redirect your application to this award. Please bear in mind that such advice is not an indication of a successful outcome.

#### Using the application form

The application form is a Word document which you download from the online services website, complete offline on your own computer and then upload again prior to submitting your application.

The form contains special formatting which allows the online system to validate it on upload and ensures that you do not submit an incomplete form. To work with this formatting you **must** use either Microsoft Word or OpenOffice and follow the instruction at the beginning/end of the form.

We have a step-by-step guide to using the form with OpenOffice which can be downloaded here: <http://www.artscouncil.ie/en/FAQ/online-services.aspx#faq12>

The application form restricts the number of characters (letters) that can be used to answer each question. The character limit is stated on the application form next to each question. Please note that the limit is set in characters and not words (although an approximate word limit is given for guidance purposes) and that the character limit includes spaces.

See **Section 5** of these Award Guidelines for help with preparing the content of your application form.

---

**Preparing and submitting support material online**

**Supporting material must be uploaded and submitted electronically through the Arts Council's online services website (apart from any exceptions listed elsewhere in these guidelines).** You can upload a wide range of materials including images, videos and sound files.

NB Uploading material takes significantly longer than downloading. If you are uploading large files either to online services directly or to another URL (see 'Web links'), please upload your material well in advance of the deadline to ensure you can submit your application in time.

The total combined limit for all material uploaded to the online services site is 20MB.

The following file formats are accepted:

- sound files - .wav/.mp3/.m4a
- video files - Quicktime/.avi/.mov/.mp4

When submitting supporting material:

- Upload each piece of supporting material separately, selecting the appropriate document type;
- Include the title of the work in the file name if submitting documentation of work;
- Follow any file naming conventions set out in Section 1

**Web links**

You may provide links to material hosted at specific websites rather than uploading the material directly to online services. **Only** material hosted at <http://www.youtube.com> or <http://www.4shared.com> will be assessed (Please note that it is recommended that applicants only use 4shared to link to sound/audio material and that it is not recommended for video). Links to material hosted at other web sites will not be viewed. To submit your web link/s, copy the URL (link) for the specific piece of material e.g. video, music track that you wish to be viewed into a Word document or equivalent and upload as a 'Web links' supporting document.

If you do not wish material you upload to YouTube for the purposes of your application to be publicly viewable, you can flag your video as 'unlisted' in its settings. For more information see <http://www.artscouncil.ie/en/FAQ/online-services.aspx#faq18>.

## Section 3 - Assessment and Processing

<b>Overview</b>	The Arts Council considers all applications, makes decisions and communicates these to applicants in accordance with set procedures. The aim is to ensure that the system for making awards is fair and transparent.
<b>The process</b>	<p>All applications received are processed as follows:</p> <ul style="list-style-type: none"> <li>• application acknowledged;</li> <li>• adviser(s) and/or staff make written assessment;</li> <li>• adviser(s) and/or staff recommends as shortlisted or not shortlisted;</li> <li>• peer panel reviews all shortlisted applications and makes recommendation;</li> <li>• decision delegated by Council;</li> <li>• decision communicated in writing.</li> </ul>
<b>Criteria for the assessment of applications</b>	<p>Applications are assessed in a competitive context and with consideration of the available resources. All applications are assessed against the following criteria:</p> <ol style="list-style-type: none"> <li>1. Artistic merit</li> <li>2. Meeting the objectives and priorities of the award</li> <li>3. Feasibility</li> </ol> <p><i>1. Artistic merit</i></p> <p>An assessment on artistic merit would focus on the artist's previous practice as well as the nature of the proposed activity and might include, amongst other things, consideration of:</p> <ul style="list-style-type: none"> <li>• the practice of the artist demonstrated through the support materials submitted;</li> <li>• the track record of the artist demonstrated through the CV and other support material submitted;</li> <li>• the potential of the artist demonstrated through the application form and other materials submitted;</li> <li>• the proposed arts activity as outlined on the application form;</li> <li>• the artform/arts practice context in which the activity is proposed;</li> <li>• the ambition, originality and competency demonstrated by the artist.</li> </ul> <p><i>2. Meeting objectives and priorities of the award</i></p> <p>An assessment under this criterion would focus on the benefit and strategic significance of the proposed activity in relation to the stated objectives and priorities of the award. For example, this might include amongst other things, consideration of the extent to which the artist's practice might benefit and be developed as a result of the proposed activity or the extent to which particular identified priorities are addressed.</p> <p><i>3. Feasibility</i></p> <p>An assessment on feasibility would consider the extent to which the applicant demonstrates capacity to deliver the proposed activity. This might include but not be limited to consideration of -</p> <ul style="list-style-type: none"> <li>• the proposed timetable or schedule;</li> <li>• the availability of other supports / partners identified in the application.</li> </ul>

<b>Peer panels</b>	The purpose of peer panel meetings is to allow for a diversity of expert views to inform the decision-making process. Peer panels normally comprise at least three external adjudicators with relevant artform and/or arts practice expertise. Each meeting is led by an Arts Council member acting as non-voting chair. Arts Council advisers and staff attend as required, and those involved in the initial assessment of applications are on hand to provide information. Panellists receive a summary of each shortlisted application in advance and have full access to all submitted material on the day of the assessment.
<b>Timeframe</b>	The Arts Council endeavours to assess applications as quickly as possible, but the volume of applications and the rigorous assessment process means that it will take up to 11 weeks from closing date to decision. You can track the status of your application through the Arts Council's online services website.
<b>What happens if you receive an award?</b>	A letter of offer will be sent to you detailing the amount of funding, and the terms and conditions of the award. You will also be informed of the process by which your award should be drawn down.
<b>What happens if you do not receive an award?</b>	You will be informed in writing if your application is not successful. Unfortunately, eligibility and compliance with application procedures alone do not guarantee receipt of an award. Because of the large volume of applications, demand for funding always exceeds the available resources. If your application is not successful you can request feedback from Arts Council staff.
<b>Appeals and complaints</b>	If you feel that the Arts Council's procedures have not been followed, check the Appeals and Complaints Procedure, or contact the Arts Council for a copy of the Appeals and Complaints information sheet.
<b>Am I able to re-apply?</b>	If your application has been assessed and you did not receive an award then you are not eligible to reapply for the same activity to any other Arts Council award. If the Arts Council feels that the proposed activity would have been more suited to a different award programme an exception may be made. In such circumstance you will be informed in writing.  There are additional restrictions relating to applicants to the Visual Arts Bursary Award and Literature Bursary Award as outlines in <b>Section 1</b> .

## Section 5 - Help with your Application

---

**Read the Award Guidelines** Before making an application you must read the Award Guidelines in full.

---

**Help with completing your application form** These help notes should be read in conjunction with the application form. The numbered sections below relate to the numbered sections on the application form.

The application form asks you to outline what it is you want to do, how much it will cost and how much funding you require. It also asks you to explain how you feel that your proposal meets the assessment criteria for the award and provides space for you to outline key dates or activities and to list any other individuals or organisations involved in your proposal.

### Section 1 – The Award

- 1.1 At section 1.1 of the application form you are asked to tick a box to confirm that you have read the Award Guidelines relating to the award for which you are applying.
- 1.2 Section 1.2 of the application form asks you to identify the artforms /arts practices that are relevant to your application. In many cases it is likely that only one box will need to be ticked, however, in some cases there may be more than one. You should only select an artform/arts practice if it represents a significant element of the activities described in your application. Selecting more than 1 box will not in itself make your application any more or less of a priority.
- 1.3 Section 1.3 of the application form asks you to briefly describe who you are and to outline your most recent artistic achievements.

### Section 2 – Proposal

- 2.1 At section 2.1 of the application form you are asked to provide 3 short points outlining your proposal.
- 2.2 At section 2.2 of the application form you are asked to provide a full description of your proposal. This will help those involved in assessing your application to understand the full scope of what you want to do and why. What you include in your description will depend on the nature of the proposed activities. It might include but not necessarily be limited to:
- a practical explanation of the activity, i.e. what will happen, when it will happen, how it will happen, who will be involved;
  - the artistic goals and ambitions;
  - an explanation of why a bursary is important for you and your practice at this particular point in your career;
  - your most recent achievements as an artist and how these relate to what you want to do next;
  - the envisioned benefits of what you propose;
  - the wider context in which the proposal is being made;
  - information on any partners/collaborators and their roles;
  - any additional and relevant technical details;
  - any additional and relevant financial details.
- 2.3 At section 2.3 of the application form you are asked to explain how you feel your

proposal meets the assessment criteria for the award to which you are applying. To understand the assessment criteria for the award you should read carefully the Award Guidelines and in particular **Section 1: About the Award** and **Section 3: Assessment and Processing**

- 2.4 At section 2.4 of the application form you are asked to identify any other artists, individuals, groups or organisations that are involved in your proposal. You should only identify those that play a significant part in your proposal. You can leave this section blank if it is not relevant or appropriate to your proposal.
- 2.5 At section 2.5 of the application form you are asked to identify key activities, dates or locations that are relevant to your proposal. You need only complete this section if there is a particular schedule or programme of activities that is relevant to your proposal. If this section is not relevant or appropriate to you or your proposal then you can leave it blank.

### **Section 3 – Budget**

- 3.1 Section 3.1 of the application form asks you to identify if you are making a multi annual application. The option of making a multi annual award is only available in some awards. In all cases multi annual awards are only offered in exceptional circumstances. You must consult the Award Guidelines and in particular the section About the Award to see if multi annual awards are available in the award for which you are applying. If you are making a multi annual application you must also identify if it is for 2 years or for 3 years.
- 3.2 Section 3.2 of the application form asks you to identify the expenditure relating to your proposal. Expenditure for a Bursary Award might include subsistence or living costs, materials, research etc. You should consult the Award Guidelines particularly **Section 1. About the Award** to see what expenditure is eligible within the award.
- 3.3 Section 3.3 of the application form asks you to identify any income relating to your proposal. If you have income from other sources that is specifically being put towards the cost of the activities described in your Bursary proposal then you should identify that income here. You should not list your personal income here. You need only include other income if it is specifically relevant and appropriate to your proposal. If you do not have other sources of income that you are putting towards the activities identified in your proposal then you should enter zero here. It is important that your budget balances but whether or not you have other income to put towards your proposal will not in itself make your application any more or less of a priority.
- 3.4 Section 3.4 of the application form asks you to state how much you are seeking from the Arts Council. The amount requested should be equal to the total expenditure minus any income that you have declared as counting towards the cost of the proposal. It is very important that these figures match. If there is a discrepancy in the figures the Arts Council will not be in a position to properly assess your application. It is very important that you clearly state how much you are seeking from the Arts Council. The Arts Council is not able to grant money where an amount has not been requested. You cannot ask for more money than you need i.e. more than the expenditure that you have identified for the proposal.

---

#### **Supporting material help**

You must submit supporting material with your application. Supporting material is a vital part of your application. Clear, concise and relevant supporting material will help assessors to understand your proposal.

Support material must be submitted online unless explicitly stated otherwise.

See **Section 1** of these award guidelines under the heading **Essential Supporting Material** for the list of materials that you must submit with this application.

See **Section 2** of these award guidelines under the heading **Preparing and submitting support material** for information on how to provide your support material.

CVs are an essential requirement for all applications. Full CV(s) should be provided rather than short biographies. Each CV should identify relevant work or skills, e.g. information about expertise in a particular area of work, or information about exhibitions, performances or recordings. Each CV should be no more than three A4 pages in length.

If you are submitting music or sound based material please identify names of performers, and instrumentation where appropriate.

If you are submitting visual stills please ensure that images are clearly labelled and there is relevant contextual information. This might include details of the title and date of works, media and dimensions, where work was presented etc.

If you are submitting moving image work please provide relevant contextual information. This might include details of the piece, date, thematic/general comments, where it was presented, names of performers, how the work was financed (e.g. award, self-financed). Long pieces should be edited; no more than 3 extracts should be submitted.

**General advice**

Common mistakes to avoid when submitting materials documenting arts practice:

- inadequately labelled materials;
- no indication of the relevance of materials to your application;
- no list of works – this can lead to confusion over dimensions, media and context;
- no examples of your own work;
- too much irrelevant information (e.g. too many reviews). Be selective with what you submit. It is better to submit one high-quality example than a large amount of lesser-quality, irrelevant material;
- not enough information. Assessors will have no basis on which to make a recommendation;
- examples of old work. Assessors are interested in your recent or current work.

Other general advice to consider when making an application:

- plan your application well in advance;
- read the Award Guidelines thoroughly before you begin making an application;
- remember that several people will be involved in making a decision about your application – so make your application clear, concise and unambiguous;
- do not assume that the assessors will know you or your work. Treat each application as if it were your first;
- have a clear and realistic idea of what you want and how much your proposal costs;
- be selective with supporting material and ensure you include those items that are essential;
- have someone else look over your application before you submit it.
