- have a clear and realistic idea of what you want to do and how much your proposal will cost;
- make sure your budget is clear, consistent with your proposal and adds up correctly;
- ensure you include the supporting materials that are essential and be selective with other items;

Section 1 - About the Theatre Project Award

Name of award Theatre Project Award

Deadline 5.30pm. Thursday 6 September 2012

Purpose and priorities of award The award supports projects commencing in 2013. The Theatre Project Award is designed to support the creation, presentation and production of **theatre pieces**¹ across three strands of work up to the amounts shown here:

- **Strand 1: Theatre Creation** – up to €25,000
- **Strand 2: Theatre Presentation** – up to €50,000
- **Strand 3: Theatre Production** – up to €100,000

Strand 1: Theatre Creation: The purpose of the creation strand is to enable the development of ideas for *new work* in a collaborative and inter-disciplinary context. The emphasis of the award is on innovation and experimentation. The concept behind a proposal can be non-text-based, or can be based on a piece of new writing for the theatre, a pre-existing dramatic text, an adaptation from another literary form, or a translation or adaptation of a text from another language. The objective of the award is to enable the development of ideas over time and through collaboration without the requirement to present to audiences.

Priority will be given to proposals that:

- seek to break new ground through innovation and experimentation and/or;
- seek to develop new forms of theatre through collaboration and/or;
- seek to develop new and innovative concepts for productions of pre-existing dramatic material;
- can demonstrate their feasibility by offering realistic income projections and evidence of financial supports from other sources.

Strand 2: Theatre Presentation: The purpose of the presentation strand is the presentation of innovative, collaborative and/or experimental work to audiences. The emphasis of the award is on presenting new types of theatre in a live performance context. The concept behind a proposal can be non-text-based, or can be based on a piece of new writing for the theatre, a pre-existing dramatic text, an adaptation from another literary form, or a translation or adaptation of a text from another language. The objective of the award is to enable artists to present new concepts in theatre to audiences.

Priority will be given to proposals that:

- seek to present new forms of theatre to audiences and/or;
- seek to present the collaborative ideas of more than one creative artist to audiences and/or;
- seek to present new work or existing repertoire in an innovative and/or

¹ The definition of a "theatre piece" for the purpose of this award is a performance which lasts a set length of time and is unified in terms of aesthetic and/or theme. Proposals involving multiple performances within an evening or event will not be considered.

- experimental context;
- can demonstrate their feasibility by offering realistic income projections and evidence of financial supports from other sources.

Strand 3: Theatre Production: The purpose of the production strand is to enable the presentation of professional theatre productions by artists and/or producing entities with a *significant* track record in the production of theatre for audiences. The emphasis is on interpretations of pre-existing dramatic texts, although new plays and non-text based projects will also be considered where a compelling argument can be made for their appeal to potential audiences (for example where the applicant artist, or writer, or partner organisation, has a strong track record for attracting audiences). The objective of the award is the production of technically excellent and ambitious theatre in the context of contemporary practice and tradition, and on attracting and developing audiences for professional theatre while offering high-level employment opportunities to freelance theatre artists. Theatre Production applications **must** be supported by at least one Arts Council grant aided organisation with a significant track record for the presentation of theatre to audiences. The applicant will need to demonstrate that the support offered and the proposed role of the funded organisation is additional to and separate from the activities for which that organisation has received core funding.

Priority will be given to proposals from established theatre artists/companies that:

- seek to present high quality and ambitious theatre to audiences in partnership with existing theatre and/or arts organisations, where that partnership is additional to and separate from that organisation's core funded activity, and/or;
- seek to develop audiences for theatre on a regional basis, on the basis of partnerships with a number presenting venues, festivals or networks;
- can demonstrate their feasibility by offering realistic income projections and evidence of financial supports from other sources.

Who is eligible to apply?

The award is open to individuals, groups of individuals or organisations working in theatre.

The award is only open to organisations that are **not** in receipt of funding under any of the Arts Council grant funding programmes (Regularly Funded Organisations, Annual Funding, Annual Programming Grant). However, organisations that have been informed in writing that their recurring grant relationship with the Arts Council will cease on or before 31 March 2013 are eligible to apply.

While Arts Council grant-aided organisations are not eligible to apply, it is expected that such organisations that present theatre as part of a wider programme (e.g. venues, festivals, networks and production companies) will play a role in supporting or partnering applications. **Under the Production strand, applicants must be supported by at least one Arts Council grant aided organisation with a significant track record for the presentation of theatre to audiences.** Under the Creation and Presentation strands it is envisaged that grant aided organisations might play a supporting role but this is not an essential requirement.

Organisations based outside the Republic of Ireland are eligible to apply; however, such organisations must have the express partnership or support of a Republic of Ireland based producing entity, and must demonstrate that the primary benefit of any proposed project is delivered in the Republic of Ireland.

If applying as an individual you must have been born in, or be resident in, the Republic of Ireland.

Who cannot apply?	<p>Applicants who are not eligible to apply include the following:</p> <ul style="list-style-type: none">• organisations in receipt of funding under any of the main Arts Council grant programmes (Regularly Funded Organisations, Annual Funding, Annual Programming Grant) except in instances where such organisations have been informed in writing that their recurring grant relationship with the Arts Council will cease on or before 31 March 2013;• individuals/organisations without a demonstrable track-record as professional theatre artists/organisations;• in the case of the Production strand, applicants who do not have the express support of at least one Arts Council grant aided organisation with a significant track record for the presentation of theatre to audiences.

Supporting material must be uploaded and submitted electronically through the Arts Council's online services website (apart from any exceptions listed elsewhere in these guidelines). You can upload a wide range of materials including images, videos and sound files.

NB Uploading material takes significantly longer than downloading. If you are uploading large files either to online services directly or to another URL (see 'Web links'), please upload your material well in advance of the deadline to ensure you can submit your application in time.

The total combined limit for all material uploaded to the online services site is 20MB.

- sound files - .wav/.mp3/.m4a
- video files - Quicktime/.avi/.mov/.mp4

When submitting supporting material:

- Upload each piece of supporting material separately, selecting the appropriate document type;
- Include the title of the work in the file name if submitting documentation of work;
- Follow any file naming conventions set out in Section 1

Web links

You may provide links to material hosted at specific websites rather than uploading the material directly to online services. **Only** material hosted at <http://www.youtube.com> or <http://www.4shared.com> will be assessed (please note that it is recommended that applicants only use 4shared to link to sound/audio material and that it is not recommended for video). To submit your web link/s, copy the URL (link) for the specific piece of material e.g. video, music track that you wish to be viewed into a Word document or equivalent and upload as a 'Web links' supporting document.

If you do not wish material you upload to YouTube for the purposes of your application to be publicly viewable, you can flag your video as 'unlisted' in its settings. For more information see <http://www.artscouncil.ie/en/FAQ/online-services.aspx#faq18>.

Section 3 - Assessment and Processing

Overview

The Arts Council considers all applications, makes decisions and communicates these to applicants in accordance with set procedures. The aim is to ensure that the system for making awards is fair and transparent.

The process

All applications received are processed as follows :

- application acknowledged;
- adviser(s) and/or staff make written assessment;
- staff make recommendations to Grants Committee;
- Grants Committee reviews staff recommendations and makes its recommendations to Council;
- Council plenary make final decision;
- decisions communicated in writing

Criteria for the assessment of applications

Applications are assessed in a competitive context and with consideration of the available resources. All applications are assessed against the following criteria:

1. Artistic Merit
2. Meeting the objectives and priorities of the award
3. Feasibility

1. *Artistic merit*

An assessment on artistic merit would focus on the applicant and those involved in the project as well as the nature of the proposed arts activity and might include, amongst other things, consideration of:

- the quality of the idea and the proposed arts activity as outlined on the application form;
- the track record of the applicant and the artistic personnel involved in the project evidenced through the CV(s) and other support material submitted **and/or** the potential of the of the applicant and the artist(s) evidenced through the application form and the support materials submitted;
- (for Creation and Presentation) the extent to which proposal demonstrates innovation, experimentation and collaboration in the context of contemporary theatre practice, or (for Production) the extent to which the proposal is artistically ambitious;
- the clarity of ambition, originality and competency demonstrated in the proposal.

2. *Meeting the purpose and priorities of the award*

An assessment under this criterion would focus on the benefit and strategic significance of the proposed activity in relation to the stated purpose and priorities of the award.

3. *Feasibility*

An assessment on feasibility would consider the extent to which the applicant demonstrates capacity to deliver the proposed activity. This might include but not be limited to consideration of -

- the track record of personnel involved in managing, administering, delivering the project;
- the extent to which the applicant demonstrates the provision of equitable conditions and remuneration for participating artists;
- the extent of involvement or commitment of identified project partners;
- the proposed budget;
- other sources of income;

- the availability of and access to other resources;
- the proposed timetable or schedule.

Decision making process	Once staff and advisers of the Arts Council have assessed applications according to the criteria outlined above, their recommendations are sent to the Grants Committee for consideration. The Grants Committee is a sub-committee of the Arts Council, and sits regularly to make funding recommendations to the full Council. Once the Grants Committee has considered and discussed staff recommendations, it will make final recommendations to Council for decision.
Timeframe	The Arts Council endeavours to assess applications as quickly as possible, but the volume of applications and the rigorous assessment process mean that it takes at least twelve weeks from closing date to decision.
What happens if you receive an award?	A letter of offer will be sent to you detailing the amount of funding, and the terms and conditions of the award. You will also be informed of the process by which your award should be drawn down.
What happens if you do not receive an award?	You will be informed in writing if your application is not successful. Unfortunately, eligibility and compliance with application procedures alone do not guarantee receipt of an award. Because of the large volume of applications, demand for funding always exceeds the available resources. If your application is not successful you can request feedback from Arts Council staff.
Appeals and complaints	If you feel that the Arts Council's procedures have not been followed, check the Appeals and Complaints Procedure, or contact the Arts Council for a copy of the Appeals and Complaints information sheet.
Am I able to re-apply?	If your application has been assessed and you did not receive an award then you are not eligible to reapply for the same activity to any other Arts Council award. If the Arts Council feels that the proposed activity would have been more suited to a different award programme an exception may be made. In such circumstance you will be informed in writing.

Section 5 – Help with your application

Read the Award Guidelines Before making an application you must read the Award Guidelines in full.

Help with completing your application form These help notes should be read in conjunction with the application form. The numbered sections below relate to the numbered sections on the application form.

The application form asks you to outline what it is you want to do, how much it will cost and how much funding you require. It also asks you to explain how you feel that your proposal meets the assessment criteria for the award and provides space for you to outline key dates or activities and to list any other individuals or organisations involved in your proposal.

Section 1 – The Award

- 1.1 At section 1.1 of the application form you are asked to tick a box to confirm that you have read the Award Guidelines.
- 1.2 Section 1.2 of the application form asks you to identify the artforms/arts practices that are relevant to your application. In many cases it is likely that only one box will need to be ticked, however, in some cases there may be more than one. You should only select an artform/arts practice if it represents a significant element of the activities described in your application. Selecting more than 1 box will not in itself make your application any more or less of a priority. Do not tick more than 3 boxes.
- 1.3 At Section 1.3 of the application form you must identify which strand you are applying for. You can only apply for one strand. See **Section 1** of the Award Guidelines for a description of each strand.
- 1.4 Section 1.4 of the application form asks you to briefly describe who you are and to outline your most recent artistic achievements. This question is relevant to applicants applying either as individuals or organisations. Newly formed organisations with little or no track record may choose to answer this question by focusing on the experience of individual members of the organisation. If you are applying as an individual on behalf of a wider group then tell us about yourself as well as the group.

Section 2 – Proposal

- 2.1 At section 2.1 of the application form you are asked if you have a title for your proposal. This might be the title of the event, the production, the work etc. If you do not have a title then you can leave this section blank.
- 2.2 At section 2.2 of the application form you are asked to provide 3 short points outlining your proposal.
- 2.3 At section 2.3 of the application form you are asked to provide a full description of your proposal. This will help those involved in assessing your application to understand the full scope of your proposal. It is very important that you give a full but rounded description and that you don't only focus on the artistic elements of what you propose, we also need to know the how, when, where,

why, who etc.

What you include in your description will depend on the nature of the proposed activities. It might include but not necessarily be limited to:

- a practical explanation of the project, i.e. what will happen, when it will happen, how it will happen, who will be involved;
- the artistic goals and ambitions;
- the envisioned benefits, i.e. who will benefit and how;
- the context in which the proposal is being made;
- a schedule of the key steps of the project;
- information on key partners/collaborators and their roles;
- any additional and relevant administrative details;
- any additional and relevant technical details;
- any additional and relevant financial details.

2.4 At section 2.4 of the application form you are asked to explain how you feel your proposal meets the assessment criteria for the award to which you are applying. To understand the assessment criteria for the award you should read carefully the Award Guidelines and in particular Section 1: About the Award and Section 3: Assessment and Processing.

2.5 At section 2.5 of the application form you are asked to identify any other artists, individuals, groups or organisations that are involved in your proposal. You should only identify those that play a significant part in your proposal. This might include the venue hosting your proposed activity, the main artists involved, key partners, key administrative personnel etc. The form allows you to briefly describe the way in which each of these parties will be involved in the proposed project.

2.6 At section 2.6 of the application form you are asked to identify key activities, dates or locations that are relevant to your proposal. This might include identifying the key planning stages or listing the dates of a launch, an event or a performance etc.

Section 3 – Budget

3.1 Section 3.1 of the application form asks you to identify the expenditure relating to your proposal. You **must** fill in this section. You should consult the Award Guidelines particularly "**Section 1. About the Award**" to see what expenditure is eligible within the award. In addition, you should submit a detailed budget as part of your supporting materials which tallies with the figures you give here. Please note that for Theatre projects there is a specific **Budget Template** that you are advised to use. Remember that you can also identify expenditure that will be paid for 'in-kind', but be sure to also reflect this in the income section of your budget. Identifying in-kind contributions can help to show the true value of the project, however, these contributions must be justifiable. For example the time contributed by volunteers might be recorded as a cost. Please be aware that the time contributed by Directors/Board members of a company cannot be considered as an in-kind contribution.

3.2 Section 3.2 of the application form asks you to identify any income relating to your proposal (excluding the income you hope to secure from the Arts Council). If you have income from other sources that is specifically being put towards the cost of the activities described in your project proposal then you should identify that income here. You need only include other income if it is relevant and

appropriate to your proposal. This might include for example box office projections, other funders, sponsorship etc. You can include in-kind support here; however, you must make sure that you also reflect the value of that in-kind support in the expenditure section so that your budget balances. Please remember that priority will be given to applications which can provide evidence of where this income is coming from.

- 3.3 Section 3.3 of the application form asks you to state how much you are seeking from the Arts Council. The amount requested should be equal to the total expenditure minus any income that you have declared as counting towards the cost of the proposal. It is very important that these figures match. If there is a discrepancy in the figures the Arts Council will not be in a position to properly assess your application. It is very important that you clearly state how much you are seeking from the Arts Council. The Arts Council is not able to grant money where an amount has not been requested. You cannot ask for more money than you need i.e. more than the expenditure that you have identified for the proposal. You should also bear in mind the maximum level of grant that is available for the award.

Help with your supporting material

You **must** submit supporting material with your application. Supporting material is a vital part of your application. Clear, concise and relevant supporting material will help assessors to understand your proposal.

If you do not submit the required supporting materials the Arts Council will not be able to make an assessment of your application.

See **Section 2** of these award guidelines under the heading 'Preparing and submitting support material' for technical information on how to provide your support material.

The essential supporting materials for the Theatre Project Award are:

1. **CVs of all key artistic personnel.** Full CV(s) should be provided rather than short biographies. Each CV should identify relevant work or skills, e.g. information about expertise in a particular area of work, or information about exhibitions, performances or recordings. Each CV should be no more than **three** A4 pages in length.
2. **A detailed budget.** You are advised to use the **Theatre Project Budget Template**, which can be downloaded from the Arts Council's website, or by contacting the Theatre Team.
3. **Evidence of previous work.**
 - I. If you are submitting visual stills please ensure that images are clearly labelled and there is relevant contextual information. This might include details of the title and date of works, media and dimensions, where work was presented etc.
 - II. If you are submitting moving image work please provide relevant contextual information. This might include details of the piece, date, thematic/general comments, where it was presented, names of performers, how the work was financed (e.g. award, self-financed). Extracts should be no more than three minutes; no more than **three**

extracts should be submitted.

- III. If you are submitting music or sound based material please identify names of performers, and instrumentation where appropriate.
- IV. If you are submitting a sample of writing, no more than **ten** pages of a script should be submitted. It is not possible for Arts Council assessors to read full play scripts or manuscripts.

4. **Memorandum of Understanding.** This is essential for theatre Production applications, and should also be present for Creation and Presentation award applications where there is a partnership or collaboration with another organisation is a feature of the proposal.

PLEASE NOTE: additional materials relating to your proposal other than the supporting material required will not be assessed and will not be taken into account.

General advice

Common mistakes to avoid when submitting materials documenting arts practice:

- no indication of the relevance of materials to your application;
- poor labelling or description of works – this can lead to confusion over dimensions, media and context;
- no examples of your own work;
- too much irrelevant information (e.g. too many reviews). Be selective with what you submit. It is better to submit one high-quality example than a large amount of lesser-quality, irrelevant material;
- not enough information. Assessors will have no basis on which to make a recommendation;
- examples of old work. Assessors are interested in your recent or current work.

Other general advice to consider when making an application:

- plan your application well in advance;
- read the Award Guidelines thoroughly before you begin making an application;
- remember that several people will be involved in making a decision about your application – so make your application clear, concise and unambiguous;
- do not assume that the assessors will know you or your work. Treat each application as if it were your first;
- have a clear and realistic idea of what you want and how much your proposal costs;
- be selective with supporting material and ensure you include those items that are essential;
- have someone else look over your application before you submit it.
