RESOURCES

Resource Name	Link	Description
Julie's Bicycle Green Procurement Guide	JB's Green Procurement Guide	Covers the basic principles of procurement decision processes, sustainability procurement policies and liaising with suppliers, as well as specific buying advice for common products and services. This is aimed at anyone who makes buying decisions at your organisation.
EPA Green Public Procurement	EPA Green Public Procurement	Step-by-step advice for each stage of the procurement process, from needs assessment and market engagement through to contract management for the public sector in Ireland. Good resource in terms of providing overviews of the Green Public Procurement approach for ten priority sectors which account for the largest environmental and economic impacts of public procurement.
Butler Gallery	Butler Gallery Website	Examples of ecological approaches to art making processes and materials use in various workshops and programmes.
Lyric Theatre	Lyric Theatre Website	Great example of Green Procurement across various impact areas. Also includes example of recently created creative post at the Lyric - Scenic Construction Manager - which aims to make the Lyric more resilient for the future and to improve environmental sustainability practices.
Theatre Greenbook	Theatre Greenbook	The Theatre Green Book is a free resource for all theatre-makers, working at all scales to become more sustainable.
