

December & Christmas Arrangements

1st December: Ireland will move to Level 3, with some variations

4th December: Restaurants will reopen

18th December—6th January: We may have visitors in our homes from up to two other households and we may travel beyond our county.

COVID-19 has disrupted our lives for more than 8 months. The pandemic has taken a serious toll—personally, economically, psychologically. Public compliance with restrictive measures has pushed down infection rates. However, we must continue to protect those at risk.

From Tuesday 1st December

Level 3 (with some variations) applies from Tuesday 1st December into January. There will be additional special measures for Christmas.

Shops will reopen.

Personal services, including hairdressers, will reopen.

Travel within county boundaries will be permitted.

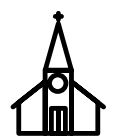

Cafes, Restaurants, and Pubs operating as restaurants will reopen on **4 December** with tables of max. 6 persons.

Museums, Galleries & Libraries will reopen.

Attendance at religious services will be permitted with protective measures in place.

Public health requires that social and family gatherings (indoor or outdoor) should not resume, except over the Christmas period.

Special Arrangements for Christmas
18 December—6 January

We may have visitors in our homes from up to two other households.

We can travel outside our own county.

Let's stay safe this Christmas. This is what we are asked to do:

Plan ahead

Every contact counts - limit the numbers you meet

Remember, meeting outdoors is safer than indoors

Keep gatherings small if meeting indoors and make sure the space is well ventilated

Wear a face-covering as advised.
